

# Digital maps Asia

An NIQ  
Company

Geomarketing is the analysis and visualization of the place-based component of market and company data. Geomarketing is therefore the basis for making more informed business decisions.

If you have any questions, please contact us at  
T +49 911 395 2600 | [geomarketing@gfk.com](mailto:geomarketing@gfk.com)

# Error-free analyses with up-to-date geodata from GfK

Digital maps from GfK help you visualize your company data as well as data on potential. This gives you deep insights into your markets and your operational business. Our administrative and postal boundaries are available for all countries worldwide, vector-based and offer full coverage, i.e. without gaps and overlaps. They are compatible with all GIS, BI or mapping applications and ready for immediate use. Choose from over 240 map sets for accurate and error-free analyses.

## Benefit from our highest quality standards:

- Up to date and accurate**  
 Regular updates ensure the high accuracy of our maps – such as the annual update of our Europe Edition in October and other continents once in 3 years.
- Highly detailed**  
 We offer the world's largest collection of digital postal and administrative maps, available down to the finest postal and administrative levels, such as 5-digit postcodes and municipalities.
- Infinitely zoomable**  
 The maps are vector-based and thus offer infinite zoom capability.
- Comprehensive**  
 Use our maps which are available down to the level of street segments and perfectly match our market data. This allows you to plan seamlessly and reliably across multiple market regions and regional levels.

## Our digital maps are available in all standard map formats:
